

Dear friends and family of Trinity St Andrews United Church (TSAUC)

In April, members of Council, along with other leaders, will meet to begin to formulate a proposal that will be presented to the congregation. This proposal aims to provide recommendations regarding the most effective use of our financial and time resources, to best prepare us in achieving our vision. In other words, what is God calling us to do as faithful disciples in Brighton in 2026.

We would like to ask all members and friends of TSAUC to consider and answer these three short questions. What comes to mind when you read the following questions. If only 1 or 2 questions spark an idea or thought that is fine, all input will be very helpful.

Please provide your thoughts on the following. Brief sentences are fine

1. TSAUC should keep doing.....

2. TSAUC should do more.....

3. TSAUC should stop.....

Responses by April 8 would be appreciated.

Please respond by either emailing this back to Pamela with your responses or print a copy and fill out and drop off at the church. We will also leave printed copies of this questionnaire in the church hall on the bulletin board and they could be completed and put in the mail box outside of the office

Thank you!

Lori Cooper, on behalf of Council
