

*TSA Family and Friends;*

*It has been several years since TSA created our current Mission, Values and Vision Statements and Council has recommended we update them over the winter of 2025. We look forward to your thoughts and input as to how TSA continues to grow and be relevant in the future*

*To start this process, we'd ask that you answer a few questions and provide your input so that we can get a sense of who you think we are as a church and where you think we should be focusing as a community of faith.*

*Thank you for your time in reflecting on these questions and please feel free to add any other comments or thoughts as you feel moved or to skip a question that is not resonating for you.*

**1. Purpose:**

- What do you believe is the main reason our church exists?
  
  
  
  
  
  
  
  
  
  
- What is its most important role in the community?
  
  
  
  
  
  
  
  
  
  
- If you could summarize the church's primary focus in one sentence, what would it be?

- Who or what inspires you in your faith, and how do you see that reflected in our church?

- Describe a time when you felt particularly connected to our church community. What made that experience special?

- In your opinion, what should be the church's primary contributions to the community?
  
- What principles do you think our church should prioritize in its actions and decisions?

### **4. Looking to the Future and our Vision for Growth**
